

CRITERION - TR 450

The **TR 450** is the little sister (or brother) of the TR 400. The drive units are identical, the crossover units very similar, and the cabinets a little smaller, making the **TR 450** the perfect bookshelf speaker, whereas the TR 400 is certainly at home on a speaker stand set up on its own in the listening room. In terms of sound these two superior monitors are as identical as the proverbial peas in a pod - with the sole exception of the deep bass response:

due to the smaller cabinet the bottom limit frequency of the **TR 450** is slightly higher. However, this is by no means a drawback when the speaker is set up on a shelf, as this type of installation enhances bass reproduction in any case. All the other sound quality attributes of the TR 400 apply in full to the **TR 450**. High-quality gold-plated stereo loudspeaker terminals are used on these speakers.

Specifications

<i>Nominal power-handling</i>	90 Watt
<i>Music power-handling</i>	120 Watt
<i>Impedance</i>	4 Ohm
<i>Frequency response</i>	40 - 45000 Hz
<i>Sensibility 1 W / 1 m</i>	86 dB
<i>Bass drive-unit</i>	1 x 150 mm
<i>High frequency drive-unit</i>	1 x 35 mm
<i>Crossover frequency</i>	2200 Hz
<i>Dimensions H x W x D</i>	33 x 19 x 27
<i>Weight</i>	8 kg
<i>Finishes</i>	Bird's-eye maple wood veneer, Cherry stain, Walnut, Silver, Black
