

# HERESY® III

SPECIAL EDITION

**Klipsch**  
**HERITAGE**  
SPECIAL EDITION

## SPECIFICATIONS

<b>FREQUENCY RESPONSE</b> (+/- 4 dB)	58 Hz - 20 kHz
<b>SENSITIVITY</b> <sup>1</sup>	99 dB @ 2.83V / 1m
<b>POWER HANDLING</b> (CONT/PEAK)	100W/400W
<b>MAXIMUM SPL</b>	116 dB Continuous
<b>NOMINAL IMPEDANCE</b>	8 Ohms Compatible
<b>CROSSOVER FREQUENCY</b>	HF: 5000 Hz MF: 850 Hz
<b>HIGH FREQUENCY DRIVER</b>	K-107-T1 1" (2.54cm) Titanium diaphragm compression driver
<b>MIDRANGE</b>	K-53-T1 1.75" (4.45cm) Titanium diaphragm compression driver
<b>LOW FREQUENCY DRIVER</b>	K-28-E 12" (30.48cm) Fiber-composite cone woofer
<b>ENCLOSURE MATERIAL</b>	MDF
<b>INPUTS</b>	Dual binding posts / bi-wire / bi-amp
<b>HEIGHT</b>	23.81" (60.5cm)
<b>WIDTH</b>	15.5" (39.37cm)
<b>DEPTH</b>	13.25" (33.66cm)
<b>WEIGHT</b>	44 lbs. (20kg)

## FINISH

### ■ California Black Walnut

Note: California Black Walnut, like most exotic hardwoods, will vary dramatically in color, grain pattern, texture, and other naturally occurring characteristics. This is due to the seasonal or geographical differences which affect the growth patterns where the trees are harvested.

## CALIFORNIA BLACK WALNUT

Klipsch is happy to announce a special edition production run of the Heresy in exotic California Black Walnut. This beautiful hardwood is harvested along the west coast of the United States and is a mixture of wood species created by grafting English Walnut and native California Walnut. The heartwood can range from a pale brown to dark chocolate brown, with darker brown streaks. California Black Walnut may have a colorful, streaked appearance which is sometimes referred to as "marbled Claro walnut." The wood can occasionally also be found with figured grain patterns such as curly, crotch, and burl.

## MADE IN AMERICA: HOPE, ARKANSAS

The Klipsch Heresy III speaker is a testament to the quality Klipsch demands from each and every one of its audio products. Remember great sound? We do, too. The Klipsch Heresy III is still made in the USA, by proud craftsmen in Hope, Arkansas. Just like Paul W. Klipsch (PWK) intended.

## FEATURES

### SPECIAL EDITION

This production run is limited to about 70 pairs of speakers, but future production runs are possible. Each loudspeaker will feature a small edition plaque that is hand-signed by the craftsman.

### COMPACT, THREE-WAY LOUDSPEAKER

The Heresy was originally introduced in 1957 as a compact three-way design utilizing a 12" woofer and horn-loaded midrange and tweeter. In 2006, the Heresy III was upgraded with a more powerful woofer, bi-wire network, as well as midrange and tweeter compression drivers, featuring a titanium diaphragm for smooth and accurate definition.

### NEW NAMEPLATE AND GRILLE

Each pair of Heresys features "script" style nameplates mounted to a vintage lambswool grille cloth.

### NEW RISER

A matte-black slant riser base compliments the California Black Walnut veneer.

### BOOK-MATCHED WOOD VENEER

Klipsch only uses book-matched wood veneers for the Heritage series. The veneer leaves are kept in order as they are delicately sliced from the timber and precisely arranged to provide a mirror image at the splice joint - like turning the pages of a book. This gives each speaker an aesthetically appealing and consistent appearance that is treasured more than any other cut of wood veneer.

### MATCHED PAIRS

Each pair of Heritage Series loudspeakers are grain-matched using wood veneer panels that come from the same timber. Each cabinet is carefully matched so that each speaker in the pair is practically indistinguishable from the other. The speakers move seamlessly together through the factory. Each finished product is inspected and labeled with sequential serial numbers, ensuring that the Heritage series speakers leave the factory as a meticulously crafted set.
