

# T 50 p

Dynamic headphone

Order # 713.880

## FEATURES

- Ideal for all portable devices
- Excellent ambient noise attenuation
- Tesla technology with highest efficiency
- Swivelling earcups 90°

## APPLICATIONS

The T 50 p opens up new dimensions with its excellent sound quality and superior materials. The Tesla technology newly developed by beyerdynamic is now also used in headphones for mobile applications. Whether on your way to work, college or travelling by train or aircraft, the supraaural T 50 p shields ambient noise with its closed design.

The efficient Tesla drivers provide extraordinarily precise and detailed sound. They even perform well with low-spec mobile players.

With their slimline shape marked by simplicity and elegance, the smooth lightness of the T 50 p is also a winner for its appearance. There is no longer anything standing in the way of ultimate music enjoyment on portable devices, wherever you may be. iPhone compatible and MP3 ready.

## TECHNICAL SPECIFICATIONS

Transducer type	Dynamic
Operating principle	Closed
Frequency response	10 - 23,000 Hz
Nominal impedance	32 $\Omega$
Sound pressure level	107 dB
Power handling capacity	100 mW
Max. sound pressure level	127 dB
Sound coupling to the ear	Supraaural
Headband pressure	2.5 N
Cable	1.2 m, from both sides
Connector	Mini stereo jack plug 3.5 mm & 1/4" adapter (6.35 mm), in-flight adapter 2 x mini jack plug (3.5 mm)
Weight without cable	174 g
