## Venere 2.5, the 2.5 way floor standing.

Venere 2.5 is a 2.5 way floor-standing speaker characterised by its Lyre shape, a homage to its 'mother' Aida and at the same time a key element in functionality and aesthetically of high quality. The Lyre shaped cabinet ensures structural strength and control of spurious resonance, creating a listening experience that is clear, detailed and extremely dynamic; the front reflex conduct furthermore makes it easy to place in the listening environment by avoiding unwanted reflection with the rear wall.

## Technical features.

Equipped with a mid-woofer and a woofer in Curv™, as well as a tweeter with a silk dome created by the German company DKM, one of the most prestigious producers of drivers in Europe, the 2.5 has a baffle characterised by curved lines that allow for balanced housing of the drivers and gives vivid and engaging sound. The inclined positioning of the baffle facilitates its positioning in all environments, and always ensures an excellent listening experience.

The tempered glass on the base and top and the adjustable aluminium feet are materials that unite the Venere line and give a contemporary feel to every model. All the speakers in the Venere line are identified by their ease of use and placement in the listening environment and for their impressive ability to 'disappear' leaving the Music as the protagonist. An ideal candidate also for an excellent home theatre system.

## TECHNICAL SPECIFICATION

### LOUDSPEAKER SYSTEM

2.5 way floorstanding vented box

### DRIVE UNIT

Tw 29 mm dome (silk)

MdWf 1x180 mm (Curv)

Wf 1x180 mm (Curv)

### AMPLIFIER

40W - 250W

### DIMENSIONS

1107x340x437 mm

# Venere

*"Venere, that is Venus, is the goddess of love and the universal symbol of beauty; not of a merely exterior beauty, but a harmonious balance between inner and outer qualities. For all of this, she is truly and genuinely fascinating like our loudspeakers, whose shape is the immanent expression of their function".*

Mauro Grange  
Sonus faber CEO

Venere is a line of acoustic speakers designed to be a new point of reference even beyond its category.

Characterized by its Aida inspired design but with a younger more aggressive feel and a sound that is vivid, instant and ready to impress any music enthusiast.

The group of 6 speakers that make up the Venere family respond as

much to the needs of two-way listeners as those of multi channel or home-theatre enthusiasts.

They are easy to place and set up, with a strong structure, drivers Sonus faber exclusive design, aluminum, tempered glass and ..... the usual Sonus faber class.

Born to live by your side with the spirit of 'luxurious&fun'.
